Financial Statements
For the Year Ended December 31, 2016

and Report Thereon

(With Summarized Financial Information for the Year Ended December 31, 2015)

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
the Tax Foundation:

We have audited the accompanying financial statements of the Tax Foundation (a nonprofit organization), which comprise the statement of financial position as of December 31, 2016, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements. The prior year summarized comparative information has been derived from the Tax Foundation's 2015 financial statements and, in our report dated June 6, 2016, we expressed an unqualified opinion on those financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Tax Foundation as of December 31, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

TAX FOUNDATION
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2016 and 2015

1. Organization and Summary of Significant Accounting Policies

Organization

The Tax Foundation (the Foundation) is a 501(c)(3) nonprofit research and educational organization that was incorporated on September 14, 1990. The Foundation researches and analyzes various aspects of Federal, state and local tax policy to assess the impact that such policy has on the economy, businesses, individuals and families. This compilation and analysis of tax policy is the first stage in the process of educating business executives, policy makers and the public about the role tax policy plays in their lives and to help them differentiate sound tax policy from inefficient and destructive tax policy. The Foundation's operations are funded primarily through contributions from private foundations, corporations and individuals.

Cash and Cash Equivalents

The Foundation considers all demand deposit accounts, money market funds and highly liquid investments with an original maturity of three months or less, which are not a part of the long-term investment portfolio, to be cash equivalents. Also included in cash is \$9,305, representing cash held as a deposit under a sub-lease agreement.

Property and Equipment and Related Depreciation

Property and equipment are stated at cost and are depreciated using the straight-line method over estimated useful lives of three to five years, with no salvage value. Leasehold improvements are amortized over the shorter of their useful life or the remaining lease term. The Foundation capitalizes purchases of Property and equipment that cost \$2,500 or more. Purchases under this threshold are expensed. Expenditures for major repairs and improvements are capitalized; conversely, expenditures for minor repairs and maintenance costs are expensed when incurred. Upon retirement or disposal of assets, the cost and accumulated depreciation are eliminated from the respective accounts and the resulting gain or loss is reported in the statement of activities, as appropriate.

Investments

Investments are reported at fair value and are comprised of mutual funds. The Foundation reports the portion of its investment portfolio that is considered to be a long-term operating reserve as long-term investments, regardless of the maturity or liquidity of the underlying investments, because it is the intent of the organization that these funds will not be used in current operations. All other investments are classified as either short or long-term based on the remaining maturity of the security.

1. Organization and Summary of Significant Accounting Policies (continued)

Classification of Net Assets

The net assets of the Foundation are classified as follows:

- Unrestricted net assets are available for the general operations of the Foundation
- Temporarily restricted net assets represents amounts restricted by the donor for specific purposes or periods of time

Revenue Recognition

The Foundation recognizes revenue from unconditional grants and contributions when notification of the commitment (promise) is received from the donor. Promises received as of December 31, 2016 and 2015, for which the cash had not been received, are reported as grants and contributions receivable in the accompanying statement of financial position. The Foundation reports contributions of cash and other assets as temporarily restricted if they are received with donor stipulations that limit the use of the donated assets. When a donor-imposed restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Conditional contributions are recognized as revenue when the conditions have been met. At December 31, 2015, \$50,000 of conditional promises to give had not been recognized because the conditions necessary to receive the funding had not been met.

Revenue from the Annual Dinner is recognized when earned and is reported in the accompanying statements of activities net of direct benefits to donors of \$177,870 and \$135,647 for the years ended December 31, 2016 and 2015, respectively.

Functional Allocation of Expenses

The costs of providing the various programs and supporting services have been summarized on a functional basis in the accompanying statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. General and administrative costs have been allocated to the programs and supporting services proportionately based on direct personnel costs.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

7. Income Taxes

Under Section 501(c)(3) of the Internal Revenue Code, the Foundation is exempt from the payment of taxes on income other than net unrelated business income. For the years ended December 31, 2016 and 2015, the Foundation had no net unrelated business income and accordingly, no provision for income taxes was required.

Financial Accounting Standards Board (FASB) ASC 740-10, Income Taxes, provides guidance for reporting uncertainty in income taxes. For the years ended December 31, 2016 and 2015, the Foundation has documented its consideration of FASB ASC 740-10 and determined that no material uncertain tax positions qualify for either recognition or disclosure in the financial statements. Federal information returns (form 990) for the years ended December 31, 2015, 2014, and 2013 remain open with Federal taxing authorities. The Foundation has no state income tax filing requirements currently in any jurisdiction.

TAX FOUNDATION
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2016 and 2015

8. Lease Commitment

The Foundation leases its office space under a 12 year operating lease agreement. The lease commenced in January 2015 and requires monthly rental payments of \$32,072, with annual escalations of approximately 2.5% and pass through of increases in operating costs and taxes. In addition, the lease provided for 13 months of rent abatement and a tenant improvement allowance of \$85 per square foot or \$681,530.

The Foundation also leased office space under an operating lease agreement entered into in 2009. The terms of this lease required monthly rental payments of \$14,985 for the first year with predetermined annual increases and a pro-rata share of the annual increase in operating expenses and property taxes. In December 2014, the Foundation entered into a sublease agreement to sublease this office space through the end of the lease term. The lease expired in June 2016.

Future minimum lease payments under the leases are as follows:

<u>Years Ending December 31,</u>

For the Years Ended December 31, 2016 and 2015

9. Fair Value Measurements

Financial Accounting Standards Board FASB ASC 820, *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels within the hierarchy in order of priority are:

- Level 1 - unadjusted quoted prices for identical assets or liabilities in an active market
- Level 2 - quoted prices for similar assets or liabilities in an active markets, quoted prices for identical assets and liabilities in inactive markets, observable input other than quoted prices, or inputs derived from or corroborated by observable market data by correlation or other means.
- Level 3 - Inputs which are unobservable and significant to the fair value measurement.

An asset's or liabilities' fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following table sets forth by level, within the fair value hierarchy, the assets of the Foundation reported at fair value on a recurring basis in the accompanying statement of financial position:

At December 31, 2016:

	<u>Level 1</u>
Mutual Funds	\$ <u>1,936,988</u>

At December 31, 2015:

	<u>Level 1</u>
Mutual funds	\$ <u>1,479,620</u>

As of and for the years ended December 31, 2016 and 2015, the Foundation had no liabilities valued at fair value on a recurring basis or assets or liabilities valued at fair value on a non recurring basis which required disclosure.

NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2016 and 2015

10. Concentration of Risk

Concentration of Revenue

For the year ended December 31, 2016, the Foundation received 23% of the total grants and contribution revenue recognized from two donors. If the Foundation were to experience a reduction in this level of funding in the future, it may have an impact on the Foundation's ability to carry out certain programs and other activities. Management of the Foundation does not anticipate any reduction in its current funding levels as a result of this concentration.

Concentration of Credit Risk

At December 31, 2016, the amount held in the Foundation's operating account exceeded the amount guaranteed by the Federal Deposit Insurance Corporation by \$200,794. The Foundation has not experienced, nor does it anticipate, any loss of funds as a result of this concentration.

11. Summarized Financial Information

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Foundation's financial statements for the years ended December 31, 2015, from which the summarized information was prepared.

12. Subsequent Event

In preparing these financial statements, the Foundation has evaluated events and transactions for potential recognition or disclosure through July 5, 2017, the date the financial statements were available to be issued.

13. Reclassifications

Certain 2015 amounts have been reclassified to conform to the 2016 financial statement presentation.
